

Materials suitable for celebrating colour in person and online classes

Please source as many of the following as possible but don't worry if you don't manage: just come along with whatever art materials you have if not. Do let me know at the start of the class what materials you will be using if they differ from the list.

I use a mixture of Jackson's art supplies, The Works and local art shops for my materials.

Sketchbook (any size. Best if you can tear the pages out thicker paper better if poss. No thinner than 150gsm)

Watercolour paints (pan easier than tubes but tubes fine too)
selection of brushes

Fine line black pen

Masking tape

Scissors

Pritt stick
